Monthly Principal Message

Greetings and Happy 2021!

I hope everyone had a nice and relaxing holiday season and is off to a great start in 2021. During this pandemic, I continue to be optimistic and positive that we will get through all of these challenges together.

As we continue instruction in the second half of the school year, we will closely monitor our data and metrics to ensure that we are welcoming our students, staff, and families back on our campus in a safe manner. Please continue to check emails, texts, and answer phone calls in the beginning of January regarding any updates on school timelines.

I am so proud of how hard our teachers, students, and families are working each day. It is incredibly important that we remain focused whether instruction is in-person or remote.

Thank you for your continued support as parents and as always, we are here if you need anything!
